No fun river stuff. Handling community involvement issues and folks -- meetings and bouncing from here to there.

Are you out on the sampling crews playing in the river?

I wasn't sent into the field for this event. I'm desk jockeying data back in ABQ.

Hey Susan.

I am in Farmington helping out, maybe see you around.

Look forward to it!

We will keep you posted on travel plans.

Nonresponsive

We are in Albuquerque at least every other month or so. Usually stay near the BIA building. Game for a dinner at the Native center when next we travel?

Be well!

Yeah. When a Division Direct asks, it really isn't a question.

I think voluntold sums up the experience very accurately. Apparently it came up when someone reminded them I came to NMED from EMNRD and was all over this hard rock mining "stuff."

When will either of you be out here in ABQ again? I definitely need to meet you some trip for some adult beverages. Or at least lunch or dinner.

It feels like old times. I'm in my office eating lunch while on a conference call with EPA R6. I just got tasked/looped in/voluntold on the Gold King Mine release team.

They said you were mobilizing to Farmington today. Hope you had a safe drive.
